Electrical contact cleaner

PRODUCT GUIDE · CHEMICAL-08

Electrical contact-cleaning spray for compatible components, selected for the required cleaning action and residue characteristics.

Application

Maintenance of suitable contacts, connectors and electrical components using the manufacturer’s procedure.

Electrical contact cleaner — reference specifications

Reference product	CRC 2016
Container	350g aerosol
Evaporation	Rapid; leaves no residue
Composition	No added lubricants, silicones or oils
Material scope	Manufacturer describes plastic-safe formulation; confirm sensitive substrates

These properties describe the identified reference product. Use only under the equipment and cleaner manufacturer’s instructions; confirm suitability for plastics and sensitive coatings. The reference cleaner requires equipment to be deactivated and isolated before use.

Details to include in your enquiry

Component and material compatibility · Residue requirement and exact formulation · Can size and quantity

Technical references

Manufacturer product information — open reference · Manufacturer / supplier reference · Confirm current revision with quotation

Technical data sheet — open reference · Product data sheet · Confirm current revision with quotation

Safety data sheet — open reference · Safety data sheet · Confirm current revision with quotation

Reference values apply only to the identified configuration. The offered model, dimensions, approvals and lead time are confirmed with your quote. Availability is subject to confirmation.
