

Sand and cement mix

PRODUCT GUIDE · CHEMICAL-21

Pre-blended sand and cement in bags for compatible bedding, patching and general cement work.

Application

Tasks covered by the selected blend's technical data.

Sand and cement mix — reference specifications

Reference product	Cement Australia Sand & Cement, 20 kg bag
Pack size	20 kg bag
Composition	Proportioned graded sand and cement for general-purpose mortar applications.
Typical uses	Shower bases, toilet pan bedding, paver bedding/joints, garden edges and minor masonry repairs.
Mixing water	Gradually add approximately 3.5 L water and mix to a workable consistency. Excess water reduces mortar strength.
Finishing	Finish when touch dry using a damp sponge, steel trowel or wooden float.

These properties describe the identified reference product. Confirm the selected model, sizes, inclusions and suitability with the quotation and current manufacturer documents.
