

Bagged mortar mix

PRODUCT GUIDE · CHEMICAL-22

Pre-blended mortar mix for compatible masonry and repair applications.

Application

Brick or block work and other documented mortar applications.

Bagged mortar mix — reference specifications

Reference product	Cement Australia Trade Mortar, 20 kg bag
Pack size	20 kg bag
Classification	M4 bricklaying mortar; manufacturer states conformity to AS 3700.
Typical uses	Bricklaying, masonry blocks, stonework and general mortar work.
Coverage	Approximately 20 house bricks or 10 masonry blocks per bag with 10 mm mortar joints.
Mixing	Use clean water in the quantity instructed on the bag. Only mix enough for use within one hour.
Limitations	Avoid excess water and retempering; allow joints to stiffen to touch dry before finishing.

These properties describe the identified reference product. Confirm the selected model, sizes, inclusions and suitability with the quotation and current manufacturer documents.
