

Combination safety showers and eyewash

PRODUCT GUIDE · EQUIPMENT-31

Combined emergency shower and eye/face-wash stations provide both flushing functions in one floor-mounted assembly.

Application

Industrial locations requiring a combined emergency water-flushing station.

Combination shower and eye/face-wash reference

Material	316 stainless steel pipework
Configuration	Floor-mounted; pull-handle shower and eye/face wash
Inlet-pressure design range	210–550 kPa
Design flow	Shower 76 L/min; eye/face wash 18 L/min
Reference model	SCES-CF1 configuration

Flows and dimensions apply to the documented configuration. Water supply, tepid-water provision, location and maintenance must suit the site design.

Details to include in your enquiry

Configuration and accessible installation envelope · Water supply flow pressure and temperature · Site standard drainage and inspection requirements
